Favipiravir prophylactic to reduce the involvement of health care workers in the COVID-19 epidemic

Protocol summary

Study aim

Reduce the infection with covid-19 and mortality of staff due to covid-19 with favipiravir treatment during the Covid- 19 epidemic.

Design

Thirty people in the intensive care unit who are in direct contact with COVID-positive patients will enter the study and receive medical treatment.

Settings and conduct

Thirty ICU staff who are in direct contact with Covid-19 positive patients have been studied and given Favipiravir 200 twice a day for three days a week for two weeks, and the serological test will be checked three weeks later.

Participants/Inclusion and exclusion criteria

inclusion criteria: ICU staff of Masih Daneshvari Hospital - over 20 years old exclusion criteria: Sensitivity to antiviral drugs and unwillingness to participate in the study

Intervention groups

Treatment personnel who are in direct contact with COVID-positive patients will be treated with Favipiravir three times a week for two consecutive weeks for prevention.

Main outcome variables

Infection of COVID_ 19

Title and more details about the data/document
All patient information can be published after deleting the name
When the data will become available and for how long

Start the access period 6 months after printing the results

To whom data/document is available

All professors of medical universities in the country

Under which criteria data/document could be used

If the professors present their proposal and letter from their university by sending a message to Dr.

Hashemian's e-mail, they will send their e-mail request and the names and numbers of the patients will be deleted and their questionnaires, data and analysis will be sent to their e-mails.

From where data/document is obtainable

professor hashemian in masih daneshvari hospital

What processes are involved for a request to access data/document

The applicant will be emailed to you after emailing your request and after reviewing their circumstances within one month of requesting the information
