Title and more details about the data/document

The data of the study are classified and coded so that the names of the people cannot be identified.

When the data will become available and for how long

Access starts from the beginning of data collection
November 1401

To whom data/document is available

For researchers in academic institutions

Under which criteria data/document could be used

In order to use in other studies

From where data/document is obtainable

To me, Hamida Harizchi Ghadim, all the ways of communication have been mentioned in the previous section Priority through phone call , Email and then SMS Shaghayegh Babapoor through phone call, SMS and E-mail

What processes are involved for a request to access data/document

After receiving the request via phone call or SMS and email, it will be sent within a week.
